### **PRESIDENT'S MESSAGE**

#### **Two Kings, Resilience and Prosperity**

Recent headlines have given us a mix of history, reflection, and economic outlook. We found ourselves talking about not one, but two “kings”; King Charles and President Donald Trump, whom some on the left falsely accuse of acting like a King.

It's a nice reminder of how far history has come. Two nations that once stood worlds apart now share a strong and lasting friendship—something that would have been hard to imagine 250 years ago.

Alongside this lighter look at history, we were reminded of the seriousness of today's world. A recent security incident at the White House Correspondent's Dinner served as a reminder of how quickly situations can unfold.

Thankfully, President Trump and the First Lady were safely protected, and it was also a moment to appreciate the quiet dedication of those who work behind the scenes to keep others safe.

Even with this reminder, there's still plenty of good news to go around.

As Larry Kudlow—a longtime economist and familiar voice on Fox Business recently shared, the American economy is holding strong.

Looking ahead, there is optimism that once global tensions—especially involving Iran—begin to settle, growth will pick up and inflation will ease.

Or as he puts it, “Never bet against the American economy.”

Let's keep the good energy going!

## **MAY Speaker - Thursday, May 28, 2026**

### **Chad Bianco, Candidate for California Governor**

Chad Bianco's story is a California story.

In 1989, he chose our state for its promise of opportunity and a place to raise a family.

He dedicated over 31 years to protecting our communities as a Riverside County Sheriff's Deputy, graduating top of his class and demonstrating unwavering commitment to public safety.

As Sheriff, Chad Bianco confronted the realities of California's struggling public safety system. He inherited a department facing a budget crisis, dwindling morale, and fractured relationships with local law enforcement.

He tackled these challenges head-on, stabilizing finances on strict budgets, rebuilding partnerships and collaboration and ensuring our deputies had the support they needed.

Chad Bianco has been a vocal advocate for reforming state laws that have eroded public safety, leading the charge for Proposition 36, which restored common-sense sentencing on crime.
